

PROPERTY LINE CLEAN-OUT & LOCATION

Your lateral clean-out is your access to your sewer lateral. Clean-outs are located either at the front or back of a house near the kitchen or bathroom.

Clean-outs look like a 3" black cap with a square nut protruding out of the cap.

Property line cleanouts are located in the right-of-way at the front or side of the house, where the upper lateral connects to the lower lateral. Many times, when there is a blockage, it is at this connection point. The property line cleanout looks just like a normal clean out but is made from 4" pipe.

Typical sewer cleanout with properly installed plug.

Collections Division staff may be able to assist you in locating your property line cleanout by calling 760-789-1330.

If you still have questions, you may check the Frequently Asked Questions (FAQs) link, or contact the Collections Supervisor at (760) 789-1330.
